

# REMARKS BY THE HON. J. H. HARRIS, GOVERNOR.

At the opening of the session of the Hawaiian Legislature, the Governor delivered an address in which he reviewed the progress of the government during the past year. He stated that the government had been successful in maintaining peace and order, and in promoting the welfare of the people. He also mentioned the progress of the various departments of the government, and the success of the various public works projects.

# NOTES OF THE WEEK.

The Eastern mail will be dispatched by the steamer City of Sydney, due here on Monday next, on route for San Francisco.

The annual meeting of the Amateur Musical Society will be held at the Lyceum, on Friday 7 p.m. (14th inst). Election of officers. A full attendance of members is requested.

We learn that Mr. Wm. G. Bush, resident here, has been elected as member of the Hawaiian Iron Works. Mr. Bush is a gentleman well known to the Hawaiian community, and we do not doubt that he will be a valuable member of the company.

The Royal Hawaiian Theatre—We understand that Mr. A. W. Shaw was greeted with a large audience on Saturday evening, on which occasion he exhibited his London Grand Show as it is called. We were not there and cannot speak of the exhibition or performance from our own observation, but we learn from those who were present that the show was very good and well worth seeing, as a novelty. Go and see the show on your next visit.

The Royal Hawaiian Circus was well attended on Saturday evening last, and the entertainment was highly satisfactory. The interest in the circus seems to keep up remarkably well, especially among the native population, who like the performances at the "house opera" highly. At the same time, the circus is also popular with the foreign residents, who are also well pleased with the performances. The circus is a very valuable addition to the entertainment of the city.

Mr. J. W. Crowell, on Hotel street, has had his hair cream Salon altered, and generally done up in the style. He has finished two handsome rooms for the exclusive use of the ladies in a very manner. The painting and papering of the minor details, such as the adoption of the law, etc. The initiation fee is set down at \$2.50, which amount includes three months dues at 50 cents per month.

The Workingmen's Library Association of Honolulu, had a meeting on Saturday evening last, at the hall of the Lyceum. The meeting was well attended, and the association was very successful in its efforts to promote the education of the workingmen. The association has a large collection of books, and is open to all who wish to borrow them.

A FINE STOCK OF GOODS.—We had the pleasure of looking over the stock of Mr. D. W. Clark, Jeweler and watchmaker, on Merchant street, a few days ago, and were very much pleased with the stock of jewelry, diamonds, watches, (both American and European manufacture) is not only extensive but of the highest quality. Mr. Clark is prepared to fill any order in his line to the satisfaction of the most fastidious and at reasonable prices. Fine watches and diamonds he makes a specialty. Persons wishing to make a costly or elegant present of jewelry, or a friend or relative, will have no difficulty in finding among Mr. Clark's fine assortment just the thing to suit. Go, examine and purchase. It costs nothing to make an examination.

A WELCOME VISITOR.—Mrs. George P. Gordon, widow of the late George P. Gordon, the inventor of the Gordon printing press, paid a visit last week to Honolulu. She is now on a tour of the windward islands for pleasure and observation. She is a very interesting and well known personage, and her visit is a very welcome one to the Hawaiian community.

THE MURDERERS IN CUSTODY.—We are authorized to say that the perpetrators of the foul murder of the Chinaman at Waiman, which we announced in our last issue, have been apprehended and are now in custody. The murder was committed by a Chinaman and a native woman, the latter having made a full confession of the deed. His Excellency the Attorney General, E. Preston, and Marshal W. C. Parker, left for Wailuku by the steamer yesterday to investigate the affair, and prepare for the prosecution of the murderers. It is fortunate that the perpetrators of the foul murder have been found, and we hope they will meet with their just punishment.

ARRIVAL.—H. I. Russian Majesty's Ship Dignity, 7 guns and 70 men, arrived in the harbor on Friday morning the 14th inst., 43 days from Valparaiso. The Dignity is a fine ship, and the crew is well behaved. The ship was welcomed by the Hawaiian community, and the crew is being treated very well. The ship is expected to stay in Honolulu for a few days, and then to proceed to other ports.

AN INTERESTING LECTURE was delivered by Capt. L. B. of the missionary ship Morning Star, at the Kaunakakai Church, on Sunday morning the 15th inst. Capt. B. spoke of the progress of the work among the natives of the Hawaiian Islands, and the progress of the missionary work among the natives of the Hawaiian Islands. The lecture was very interesting, and was well attended.

HOSE WORKING.—The Honolulu Iron Works Company gave an entertainment on Friday last, at their new building, which is an extension of the works of the company recently erected, situated on the north side of Marine street. The building is a large brick structure, and is very well equipped. The entertainment was very successful, and was well attended.

A German steamer Starbuck, of Cambridge, has been wrecked by a violent gale of four or five shipswreck, who lost their lives in a cemetery. The steamer was on a voyage from Germany to Honolulu, and was carrying a large cargo of goods. The wreck was a very sad one, and the loss of the ship and its cargo was a great one.

for them. After supper, an interesting episode took place. This was the presentation by T. H. Davies, on behalf of the employees of the Honolulu Iron Works, of a splendid double hunting case, made of gold, from the manufactory of E. Howard & Co., imported by Mr. McInerney, which together with a chain manufactured by Mr. Robert of this city costing thirty-five dollars, in all worth \$200, to Mr. Alexander Young, the manager of the Iron Works. Mr. Davies preceded the presentation by a very interesting and appropriate speech, which was gratefully responded to by Mr. Young. The presentation of the watch to Mr. Young was a surprise to the gentlemen, inasmuch as the matter had been kept a profound secret from him up to the moment of the presentation, and we will add that the compliment is well earned by the recipient, who is not only a good officer and first class mechanic, but kind and courteous to those under him. We regret that we could not remain during the whole evening so as to take simple notes of the proceedings, and particularly the speeches made on the occasion; but this we could not do owing to severe indisposition. The supper was furnished by mine host Mr. L. DeJong, of the Parkview restaurant. The house warming of the Honolulu Iron Works, which was the 7th inst., was an event that will be long remembered by our citizens as an occurrence which was both unique and interesting. The same time calculated to bring into full play the better feelings of our nature, because it recognizes the intimate relations existing between the employer and the employee, a relation which is essentially reciprocal, and should be so considered by those building that relation to each other and time preserving harmony and respect on the part of both parties, thereby dignifying labor, which is the source of all wealth, and the sure regulator of all social order.

A RARE CHANCE.—Probably the finest stallion that has been imported here for many a day, is the stallion "Basswood" now to be seen at the Hawaiian Hotel stables. He is a dark bay of beautiful glossy appearance, of splendid form, and stands about 15 hands, and is ready for service. This splendid animal will be offered at auction next Saturday as will be seen by the advertisement and the fortunate purchaser may well be proud of his bargain. There will also be sold, 30 year-old, two-year-old Kentucky jacks which we learn cost \$750 each in California; they will be sold under guarantee as stallions. Also, 30 year-old, two-year-old Kentucky jacks which we learn cost \$750 each in California; they will be sold under guarantee as stallions.

ANOTHER POLAR TRIP.—The Denver Tribune has had another man, who thinks he knows all about the North Pole. He is Capt. A. B. Tuttle, a sailor, 70 years old, who has traversed the Atlantic, Pacific, Indian, Arctic, and Antarctic oceans, and who has been devoting himself for the last twenty-eight years to the North Pole. He is now on his way to Washington to ask the government for a ship to enter the pole. He has his own whaling ship in Japanese waters, and says that if the United States refuses him assistance, Japan will not. He proposes to sail in the Japanese whaling ship, and to enter the pole. He is a very old man, but he is very energetic, and he is very determined to reach the pole. He is a very interesting man, and his story is a very interesting one.

THE CARGO OF THE CLIPPER SHIP Lallah Rookh! NOW ON THE WAY FROM GLASGOW Will be offered for sale to arrive.
